

Team Availability

Team availability must be filled out at the bottom of each roster form. Teams should plan accordingly to have enough players to play at other times.

Scheduling League Play

Teams/individuals are placed into blocks for regular season play. Instant scheduling is a method in which teams select the day(s) and time(s) they desire to play as well as the division. Therefore, the team manager should be aware of their team's availability prior to registration. The Intramural Office reserves the right to change a teams block (day and time), as needed.

Post-Season Play

Teams that qualify for the playoffs and meet sportsmanship requirements **MUST attend the playoff lottery meeting in order to be eligible for post-season play. Playoffs, generally, will be a single elimination format.**

All post-season eligibility requirements will be discussed at the general meeting and listed within each sports rules.

Substitutions

- **Team managers have the option of purchasing a "sub" pass for use during the season. All stated eligibility requirements apply to substitute players. "Sub" passes are available at the Intramural Office during normal business hours.**
- **Players may only substitute for one team per season and per division. A player that substitutes twice for the same team (exception: three times for Ice Hockey) will automatically be added on that teams roster for the remainder of that season.**
- **Players that substitute only once (or twice in ice hockey) will not be eligible to participate in the playoffs for that team.**
