

Weather Related Postponements

- The Intramural Office reserves the right to postpone or reschedule a contest if weather related or field condition circumstances warrant such action. Scheduled contests postponed due to weather, darkness, or other reasons beyond the control of game officials may be rescheduled (if possible) only if the contest has a significant effect on the playoff seedings and/or playoff qualifications. If games are postponed after play has started, activities will be canceled and play (if possible) will resume at the time the game was postponed.
- Decisions pertaining to weather related postponements will be made by 3:00 PM on days when game status is questionable. Such decisions may be obtained by calling 387-4REC, 387-3743, or visiting the intramural sports Web site.
- It will be the responsibility of team managers / captains to obtain rescheduling information in the event that games are postponed due to inclement weather or similar conditions.

University Closure

- If the university closes for any reason then ALL intramural sport events / activities will be postponed.
- The Assistant Director of Intramural Sports and Recreation has complete discretion in deciding whether or not games will be rescheduled.

ALL PLAYOFF GAMES WILL BE RESCHEDULED!
Regular season games may be rescheduled, but there is no guarantee. Any games not played due to weather or university closure will not have any bearing on a team's eligibility for playoffs.
